Alek

One of the nature's strongest textures, wood comes to light as a brand new design.

Alek series offer a simple naturalness with its oval-shaped wooden frame.

Alek

Chair - Lounge

Indoor

Alek invites you to a comfortable seating experience. Its armrests and back are designed as a single structure. The cylindrical wooden legs extend diagonally from the armrest level to the ground, bringing an aesthetical contrast to the oval formed backrest. The warmth of wood dominates the visual impact as it unifies with a smooth cushion seat.

70 mm thick soft foam seat and the fresh look of wood reinforce the feeling of comfort. The wooden frame of Alek series comes in ash and beech solid wood finishes as presented in the B&T Design's solid wood catalogue.

The seat and backrest are also customisable with a rich collection of fabrics that offer different textures and colours that would suit best with the characteristics of the space.
