Meet the Sole Series, the enjoyable member of the B&T Design, designed to offer a brave, balanced and timeless style with its charm focused on colour and its play with geometric forms.

Chair - Bar Stool

Indoor - Outdoor

Distinguished with its balanced form which completely rejects complexity, the Sole Series fills the space with its energy and unique dynamism. With its two different models -chair, bar chair- which are both suitable for indoor and outdoor spaces, the series makes room for extraordinary choices with different combinations of striking colours on demand, instead of featuring a single colour.

With its light and compact design, the series is easily stackable and takes up a little space, while it allows to be practically held and moved thanks to the aesthetic cavity at the joint of the seat and the thin backrest. Combining its round, refined lines with perfect functionality and durability, Sole elegantly introduces the authentic spirit in its design to any space.
