Think Office Chairs

Think's award-winning design re-imagined what an office chair could do, and how sustainable it could be. Designed for hybrid workers and their unique needs, its smart and simple, weight activated controls allow anyone, anywhere to get comfortable and get to work. With beauty to match brains, this icon of sustainable designs serves up a breadth of style choice that is warm, tailored, and sophisticated.

Performance Features

Back Support

LiveBack® Flexor System conforms to your spine to provide flexibility and support as you move.

Seat Ergonomics

Seat includes flexible edges and adaptive bolstering in the foam providing a pressure-free sit.

Recline Adjustment

Recline range includes full recline, a boost setting, mid stop, and upright back lock.

Weight-activated Adjustment

Responds to your body weight to provide the right amount of back tension as you recline. Includes "boost" offering 20% additional tension for those who need it.

Fully Adjustable Arms

Standard 4-dimensional arm support adjusts to preferred height, width, depth and pivot.

Lumbar Support

Standard height-adjustable lumbar support.
