

Steelcase Flex Collection

A range of flexible workplace solutions
designed for dynamic team neighborhoods.

Table of Contents

The new era of hybrid work is here. Providing a new level of choice, control and flexibility in the workplace has never been more important. An ecosystem of compelling spaces will earn the commute and give people dynamic spaces where they can do their best work.

In this guide, see how the Steelcase Flex Collection supports people in the hybrid workplace.

Create an Ecosystem of Spaces

The best hybrid workplaces not only support collaborative work, but also the growing need for focus time. The Steelcase Flex Collection supports high-performing teams and individuals – and all the kinds of work they do. The broad product collection comes together to create a wide range of applications that allow people to focus, collaborate and connect, while giving them the flexibility to adapt their space to meet their rapidly changing work activities.

Steelcase Flex Principles

Adapt on Demand

With flexibility at the core of the design, the Steelcase Flex Collection empowers people to work their own way. A range of interconnected essentials with built-in mobility allows workspaces to adapt on demand for work that happens in the moment, and for whatever tomorrow brings.

Me + We

Just like city neighborhoods have homes and shared spaces, the hybrid workplace should support both individual work and teamwork. The Steelcase Flex collection gives people the spaces, tech and tools they need for focus time, collaboration and social connections - all while making it easy to shift between work modes.

Settings

Hybrid work is about options. Explore settings that allow for focus, collaboration and social connections in the hybrid workplace.

Featured Products

Single Table

Freestanding Screens

Mobile Power

Active Frames

Great hybrid neighborhoods offer personal spaces that give people comfort and control, while supporting the ebb and flow between “me” and “we” work. This team space allows people to easily toggle between focus work and collaboration - all within the same team home.

Featured Products

Height Adjustable Desk

Active Frames

Board Cart

Slim Table

Provide a home for teams in a vibrant team neighborhood that provides spaces for focus work, collaboration and a place for people put their personal items and team resources. Teammates can focus on their work but don't have to go far to stay connected.

Featured Products

Media Cart
Acoustic Boundary
Stand
Wall Rail

A productive collaboration zone provides digital and analog tools for an active work session or brainstorm.

Whiteboards and screens keep work visible. Technology allows for sharing of information or hybrid collaboration while power keeps people charged up.

Featured Products

Active Frames

Single Table

Board Cart

Media Cart

This shared space supports hybrid collaboration. The flexible furniture paired with technology helps support the best possible meeting experience for in-person and remote users.

Featured Products

Active Frames
Acoustic Boundary
Perch Stool
Stand

This collaborative space allows for impromptu meetings or daily stand-ups. Digital and analog tools keep work visible and allow for remote participants to join in on a brainstorm, while strategically placed boundary keeps noise and distractions at a minimum.

Products

The Steelcase Flex Collection provides a broad range of interconnected essentials for the hybrid workplace. From workstations to power to storage, each element was thoughtfully designed to work together to maximize space and human performance, with the freedom to easily switch between work modes.

Desks + Tables

A range of desks and tables gives people unparalleled control over their workspace. Easy movements accommodate impromptu changes in workstyle, orientation, and position, while providing support for both focus and collaborative activities throughout the day.

Height Adjustable Desk

The Height-Adjustable Desk gives people control over their workspaces. Easy movements accommodate quick changes in workstyle, orientation and position.

- Discrete, directional rollers for mobility
